Report on

Avishkar Competition

2026-2027

Date:01/10/2026

The students of BCA actively participated in the Institute Level Avishkar Research Competition organized by Dr. Patangrao Kadam Mahavidyalaya, Ramanandnagar (Burli) on 28th September 2026.

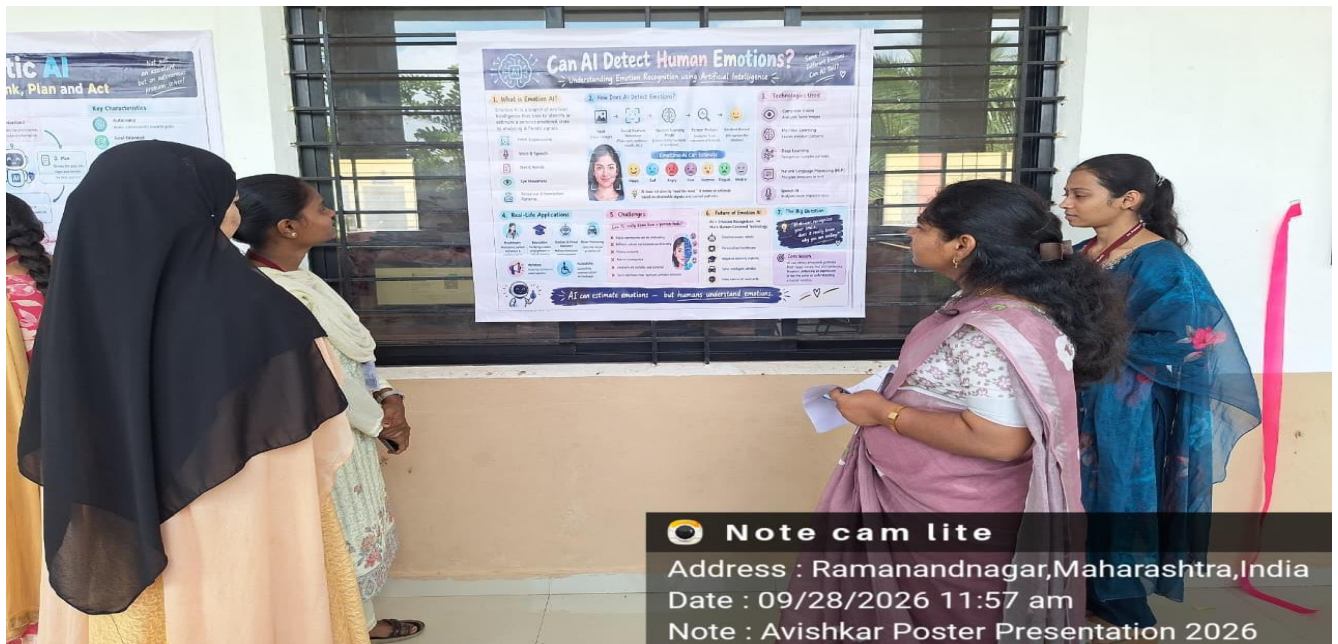

As part of the competition, the students searched, selected, and studied various research-oriented topics related to Artificial Intelligence (AI), Computer Science, Software Technologies, and emerging technologies. Based on their selected topics, they prepared informative and creative research posters and presented their research work before the judges and participants.

All the participating students successfully presented their topics and confidently explained their research ideas. The activity provided students with an opportunity to enhance their research skills, technical knowledge, creativity, communication skills, presentation skills, and confidence. The activity was successfully completed with active and enthusiastic participation of the BCA students.

Outcome

- Students developed research and analytical skills through topic selection and study.
- Enhanced their knowledge of Artificial Intelligence, Computer Science, and emerging technologies.
- Improved poster-making, communication, and presentation skills.
- Gained confidence in explaining and presenting research ideas before judges and participants.
- Encouraged students to develop an interest in research, innovation, and new technologies.

Beneficiaries: 04

Judges Evaluating Students' Research Posters during the Institute Level Avishkar Research
