“One Day Workshop on “Preparing Research Articles”

Date – 9 April 2025

Dr. Patangrao Kadam Mahavidyalaya, Ramanandnagar (Burli), Department of Physics in collaboration with IQAC organized ‘One Day Workshop on “Preparing Research Articles” on 09 April 2025. It aimed specifically at B.Sc. III Year students. The primary objective of the workshop was to familiarize undergraduate students with the fundamentals of academic writing and the process of publishing scientific research.

The workshop began with an inaugural session at 10:00 AM, presided over by Dr.G.R.Patil, Head of the Department, who welcomed the participants and highlighted the importance of research skills in the field of physics. The resource person for the workshop was Dr. Harale, an esteemed academic and published researcher from SGM College, Karad who has extensive experience in scientific publishing.

The first session focused on the structure and components of a research article, including abstract writing, introduction, methodology, results, discussion, and referencing styles. Dr. Harale provided insightful tips on choosing suitable journals, avoiding plagiarism, and understanding the peer-review process.

The workshop concluded with an interactive Q&A session, during which students asked questions related to topic selection, literature review, and citation practices. Dr. Harale addressed each query with patience and encouraged students to engage in small-scale research projects.

The event was coordinated by faculty members of the department, with special contributions from Miss. Namrata Kamble and Miss Bhagyashri Jamdade. Participation certificates were distributed to all attendees.

Overall, the workshop was well-received and proved to be a valuable learning experience, inspiring many students to take their first steps into academic research. There were 55 participants participated in this workshop.

Beneficiaries
Students-48
Faculty-07

- Outcomes**
1. Students get awareness about future of global science and innovation while ensuring sustainable and inclusive growth.
 2. Students get ideas about innovation and invention

While Dr.G.R.Patil giving introduction of workshop

Dr. Haral giving guidance on how to write research article.
