Archeology Report

In the academic year 2023–2024, the value added course Undergraduate Archeology was introduced in the Department of History in the Senior Division from 01/01/2024 to 06/02/2024. How do historical excavations help students understand the meaning, definition, nature of archaeology? What are its different methods? Archeology course has been introduced to give an initial knowledge of all these elements 10 students were enrolled in this course this year. The course also provided students with an understanding of how historical archeology, a subsidiary science, helps historiography. For this course, Head of History Department, Dr. Sonavale R.R., The guidance of I/C. Principal, Dr. U.V. Patil and the support of the colleagues in the history department were received.

Outcome- 1. Understood the importance of Archeology course.
2. Understood the importance of historical excavation.

Beneficiaries – 10 students participated.
